

Covid Booster Clinic – 21st October 2021

This clinic is intended for those patients who received their 2nd covid vaccination from us on 16th or 18th April 2021

Surname begins with	Time slot to attend
<u>A or M</u>	<u>9am-9.30am</u>
<u>C or F</u>	<u>9.30am-10am</u>
<u>B or G</u>	<u>10.05am-11.05am</u>
<u>H or K or J or P</u>	<u>11.10am-12.10pm</u>
<u>W or V or Z or O</u>	<u>12.15pm-12.45pm</u>
<u>D or E or S or Y</u>	<u>1.30pm-2.30pm</u>
<u>L or T or I or N or R</u>	<u>2.35pm-3pm</u>

We will send out invitations by text and e-mail to all affected patients. Those with neither text nor e-mail will be notified by letter. Unfortunately, we are only able to provide boosters for patients who received their 2nd vaccination from us.

The booster is Pfizer and is suitable for those previously given either the Pfizer or the AstraZeneca vaccine. It is recommended that patients remain in the vicinity of the surgery and do not drive for approximately 15 minutes following the injection. The Room4U facility opposite the surgery is available for patients to sit in during that period.
